Re: Way Broadcasting Licensee, LLP  
KLIB (AM), Roseville, California  
Facility Identification Number: 57702  
Special Temporary Authority

Dear Counsel:

This is in reference to the request filed July 30, 2008, on behalf of Way Broadcasting Licensee, LLP ("WBL"), for further extension of the special temporary authority ("STA") granted on February 20, 2007, to operate Station KLIB with a temporary nondirectional antenna.<sup>1</sup> In support of the request, WBL states that restoration of the licensed directional antenna system is nearly complete; WBL requests STA pending completion of necessary proof measurements.

Our review indicates that Application BZ-20081209AEW was granted on April 28, 2009. Thus, STA is no longer necessary.

Accordingly, the request for extension of STA IS HEREBY DISMISSED.

Sincerely,

Charles N. Miller, Engineer  
Audio Division  
Media Bureau

cc: Way Broadcasting Licensee, LLP

---

<sup>1</sup> KLIB is licensed for operation on 1110 kHz with 5 kilowatts daytime and 0.5 kilowatt nighttime, employing different directional antenna patterns daytime and nighttime (DA-2-U).
